2D Handheld Barcode Scanner
XL-3610

- Designed especially for retail, cash register, health-care and public sector
- Solution for mobile payment, very convenient for Ali pay and Wechat pay
- Plug and play, no need install driver, very simple operation in the daily use
- Support update online, more convenient and faster for after-sales service
- Flexible identify all kinds of 1D and 2D barcode on paper and screen

Model	XL-3610	Scan Angle	rotation 360°, tilt 65°, deflection 60°
Light Source	White LED (Lighting) RED aiming light	Cable Standard	1.6m
Exposure	Global Exposure	Input Voltage	DC 3.6V-5.5V
Image Sensor	CMOS	Working current	142mah
Scan Mode	Manual& Automatic	Stand-by current	42mah
Image Size	640x480 pixels	Weight	185g
Scan Speed	60 fps/s	Indicate	LED Indicator and Buzzer
Decoding Depth	60-360mm(13mil PCS90%)	Interface	USB-HID, USB-VCP, Rs232
Mnimum Resolution	3mil	Temperature (Operating)	-10°C-50°C
CPU	32bit ARM	Temperature (Storage)	-40°C-70°C
Size	L × W × H:163mm × 68mm × 80mm	Humidity	5% to 95% (non-condensing)
Case Material	ABS+TPU	Light Levels	0-5000Lux(fluorescent light), 0-100,000Lux(daylight)
Decoding Capability	1D:Codabar, Code11, Code39, Code32, Interleaved 2 of 5, Industrial 2 of 5, Matrix 2 of 5, Code93, Code128, GS1-128, UPC-A, UPC-E, EAN 8, EAN 13, GS1 DataBar(RSS14), GS1 DataBar Limited, GS1 DataBar Expanded, etc. 2D: PDF417, Micro PDF417, QR Code, Micro QR, Data Matrix, Aztec Code
